Plasmapore[®]XP

SURFACE ENHANCING TECHNOLOGY

Integrity Warranty

The Plasmapore^{XP} Surface Enhancing Technology Integrity Warranty is based on our 30 years of clinical experience with porous titanium surface enhancement technology. Since launch, devices with our Plasmapore^{XP} Surface Enhancing Technology have been implanted over 20,000 times with no reported cases of delamination to date. That's experience you can rely on.

Warranty Details

The Plasmapore^{XP} Surface Enhancing Technology Integrity Warranty offers participating facilities a one-time device replacement in the instance of an index level reoperation within one year of the initial procedure which used one of our Plasmapore^{XP} surface treated devices.*,**

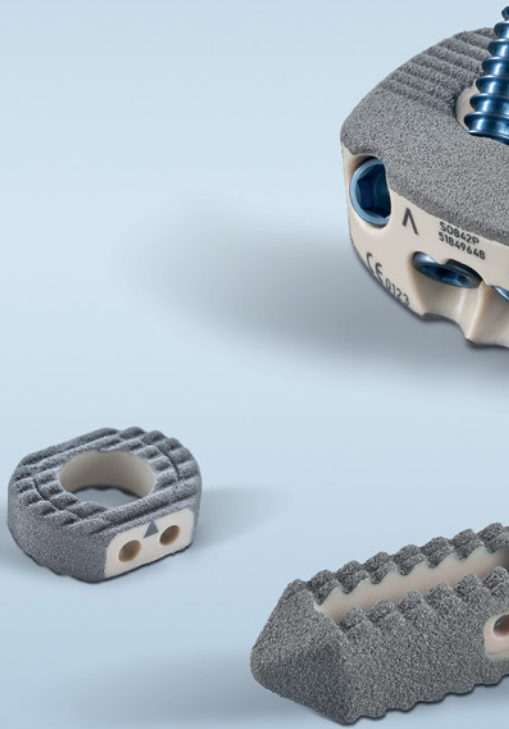

Aesculap will replace free of charge Plasmapore^{XP} products purchased by any participating facility that provides proof of reoperation resulting only from:

- Evidence of clinically relevant delamination or the generation of impaction debris, or
- Radiographic evidence caused by the device of a CT or MRI artifact that impedes a physician's ability to visualize adjacent anatomy

For more information about the Plasmapore^{XP} Surface Enhancing Technology Integrity Warranty, contact your local Aesculap representative.

*A written report from the revising surgeon describing the failure and certifying that the failure was not a result of use of the eligible product outside of its indications and/or failure by the patient to follow postoperative instructions (including but not limited to postoperative instructions relating to physical activity) must be provided.

**May include free of charge product replacement, alternate Aesculap product or credit up to original purchase price.
